

Sierra Cedars Community Services District Water Conservation Program

Under Ordinance No 19-1 (adopted by the District in August 2019): Every homeowner in the District is required **to shut off water supply to his or her property if the cabin will be unoccupied for 24 hours.** All cabins must have a turn off valve. This rule applies at all times and during any of the stages described in this program.

Stage 1 (Blue) Normal Water Supply

Water Tanks full

1. No free-flowing hoses
2. Spas, fountains must have recirculation pump
3. Runoff to other properties from watering prohibited
4. Repair leaks immediately
5. No washing driveway/sidewalks (except for sanitary purposes)
6. Conserve water (refer to District CC&R's)

Stage 2 (Brown) Water Alert

Fire Season (As per Cal Fire)

- 1- 6: Same as Stage 1
7. No outside watering on weekends/holidays

Stage 3 (Orange) Water Warning

Water Tanks not full

- 1-6: Same as Stage 1 plus no district water used to fill spas, fountains
7. No outside watering
8. Indoor water conservation measures

Stage 4 (Red) Water Crisis

Water System close to failure

- 1-8: Same as Stage 3
9. No district water used for construction

Fees:

1. \$150 fee for each non-routine meter reading.
2. \$0.00113 fee per gallon of water lost. Covers the cost of electricity.
3. All time and material expenses in excess of those in #1 and #2.

Fines: Per 12 Month Period...

- 1st offense \$100 *
- 2nd offense \$250 *
- 3rd offense \$500 plus water shut off

*plus possible water shut off

Water reconnection fee is \$75

Thank you for working together for the conservation of our water so that we might all enjoy Sierra Cedars.
